Provide the financial statements described below for the most recent fiscal year or quarter. For the initial disclosure statement (qualifying for Pink Current Information for the first time) please provide reports for the two previous fiscal years and any subsequent interim periods.

- C. Balance Sheet;  
D. Statement of Income;  
E. Statement of Cash Flows;

<sup>4</sup> The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS by persons with sufficient financial skills.

- F. Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
- G. Financial notes; and
- H. Audit letter, if audited

You may either (i) attach/append the financial statements to this disclosure statement or (ii) file the financial statements through OTCIQ as a separate report using the appropriate report name for the applicable period end. ("Annual Report," "Quarterly Report" or "Interim Report").

If you choose to publish the financial statements in a separate report as described above, you must state in the accompanying disclosure statement that such financial statements are incorporated by reference. You may reference the document(s) containing the required financial statements by indicating the document name, period end date, and the date that it was posted to OTCIQ in the field below. Financial Statements must be compiled in one document.

Financial statement information is considered current until the due date for the subsequent report (as set forth in the qualifications section above). To remain qualified for Current Information, a company must post its Annual Report within 90 days from its fiscal year-end date and Quarterly Reports within 45 days of each fiscal quarter-end date.

## 5) Issuer's Business, Products and Services

- A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

### Corporate History

MineralRite Corporation (the "Company" or "MineralRite,") was incorporated in Nevada on October 22, 1996, under the name PSM Corp. On November 23, 2005, the Company's name was then changed to Royal Quantum Group, Inc. On August 31, 2012, the Company's Board of Directors approved the change of the Company's name to MineralRite Corporation to reflect the new direction in which the Company's management intended to lead the Company. On December 3, 2012, the Company's trading symbol was changed from "RYQG" to "RITE." On April 7, 2021 the Company then underwent an F Reorganization merger into Southern Cars & Trucks, Inc., and entity that had been incorporated in Texas on October 30, 2002. Coincident with the merger, Southern Cars & Trucks, Inc., the entity that was chosen to survive the merger, changed its name to MineralRite Corporation. On November 17, 2021, the Nevada entity was dissolved.

### Operations:

The Company's principal executive offices are located at 539 W Commerce St, #1838, Dallas, Texas 75208; telephone: (702) 843-6040.

The Company's website address is [www.mineralrite.co](http://www.mineralrite.co).

### Activities:

The Company is currently seeking funding for operations. There can be no assurance that additional financing will be available on terms favorable to the Company or at all. If adequate funds are not available or are not available on acceptable terms, the Company will not be able to fund its operations. Such inability to fund operations will have a materially adverse effect on the Company's business, operating results, and financial conditions.

The current fees of the Company are being paid by the President of the Company.

The Company is currently seeking acquisitions in the mineral and mining business sector, including, but not limited to, partners for reverse merger opportunity.

- B. List any subsidiaries, parent company, or affiliated companies.

NONE

(...with the noted caveat that the Nevada entity of MineralRite Corporation (C21986-1996), which was merged into the Texas entity Southern Cars & Trucks, Inc. (800138349) with the latter being renamed as MineralRite Corporation as part of the plan of merger, was dissolved on 11/17/2021.)

C. Describe the issuers' principal products or services.

MineralRite has focused on mineral processing, certification, streaming, and sales of base and precious metals. MineralRite's mandate is to identify and optimize opportunities in the small and junior sized mining industry.

## 6) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

NONE

## 7) Company Insiders (Officers, Directors, and Control Persons)

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

Using the tabular format below, please provide information, as of the period end date of this report, regarding any person or entity owning 5% or more of any class of the issuer's securities, as well as any officer, and any director of the company, or any person that performs a similar function, regardless of the number of shares they own. **If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.**

Name of Officer/Director or Control Person	Affiliation with Company (e.g. Officer Title /Director/Owner of more than 5%)	Residential Address (City / State Only)	Number of shares owned	Share type/class	Ownership Percentage of Class Outstanding	Note

A. Please identify whether any of the persons or entities listed above have, in the past 10 years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

NONE

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

NONE

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

NONE

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

NONE

B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

NONE

**MineralRite Corporation**  
Notes to Financial Statements  
December 31, 2021

***(1) Basis of Presentation and Organization***

Administrative History:

MineralRite Corporation (“the Company”) was incorporated in Nevada on October 22, 1996, under its original name PSM Corp. On November 23, 2005 the Company changed its name to Royal Quantum Group, Inc. coincident with its change in emphasis to the exploration and development of natural resources. On August 31, 2012, the Board of Directors approved a name change to MineralRite Corporation, which was effectuated on October 18, 2012. On August 31, 2012, the Company also declared a 50-for-1 reverse stock split of its common stock. All references in the accompanying consolidated financials to the number of shares outstanding and per-share amounts have been restated to reflect this stock split. On December 3, 2012, the Company's trading symbol was changed from "RYQG" to "RITE".

On April 26, 2014, MineralRite Corporation adopted and filed with the Secretary of State in the State of Nevada Amended and Restated Articles of Incorporation.

On November 5, 2014, the Securities and Exchange Commission issued an order instituting cease-and-desist proceedings pursuant to Section 21(c) of the Securities Exchange Act of 1934 against MineralRite Corporation under Administrative Proceeding File No. 3-16256 as reported in Release No. 73525, making findings and imposing a cease-and-desist order against MineralRite Corporation for failing to file Form 8-Ks disclosing two unregistered sales of equity securities, and failure to file a Form 8-K disclosing a financing agreement. The Company agreed to pay a penalty of \$25,000.

On February 15, 2018, the Company filed Form 15 - Certification and Notice of Termination of Registration Under Section 12(g) of the Securities Exchange Act of 1934 or Suspension of Duty to File Reports Under Sections 13 and 15(d) of the Securities Exchange Act of 1934.

On April 7, 2021, the Company underwent an F Reorganization merger into Southern Cars & Trucks, Inc. in order to change domicile from the State of Nevada to the State of Texas. Southern Cars & Trucks, Inc. had been incorporated in Texas on October 30, 2002. Coincident with the merger, and pursuant to the Plan of Merger, Southern Cars & Trucks, Inc., the entity that was chosen to survive the merger, changed its name to MineralRite Corporation and adopted the Amended and Restated Articles of Incorporation which MineralRite Corporation had previously adopted in the State of Nevada on August 26, 2014, albeit as adjusted for references to state specific statutes, rules and regulations and as corrected per certain provisions contained in the Plan of Merger. On November 17, 2021, the Nevada entity was dissolved.

Section 2 of the Disclosure Statement Pursuant to the Pink Basic Disclosure Guidelines, pre-pended to these financial statements, summarizes the shareholder structure of the Company.

### Prior Operating History:

On March 1, 2013, the Company acquired 100% of the total shares outstanding of Goldfield International, Inc. (“Goldfield”) in exchange for issuing 2,000,000 shares of its common stock. The acquisition was based on the fair value of the shares issued amounting to \$900,000. The accompanying consolidated financial statements include the accounts and balances of the Company and also of Goldfield since the date of its acquisition. All material intercompany transactions have been eliminated. Goldfield is in the business of manufacturing gold mining equipment.

On April 24, 2013, the Company entered into a joint venture agreement with CSI Export and Import (“CSI”) to mine copper ore on leased acreage in Chiapas, Mexico. For \$850,000, the Company acquired a 50% in the joint venture which has a 25% participation interest in the production and sale of the indicated copper ore. The Company accounts for its investment in with CSI under the equity method pursuant to ASC Topic 323-30. This amount was fully impaired as of December 31, 2013, due to impairment as CSI did not execute on their part of the joint venture and repayment is doubtful.

Pursuant to a settlement agreement and related court order, effective December 6, 2013, the Company issued 30,000,000 shares of its common stock and transferred its oil and gas operations including related assets and liabilities to Santeo Financial Corporation and other creditors in exchange for the cancelation of debt totalling \$325,568. For financial statement presentation purposes, the oil and gas activities for 2012 and 2013, and assets and liabilities directly relating to the oil and gas operation, are accounted for pursuant to ASC Topic 205-20 “Discontinued Operations”.

During October 2014, the Company entered into a Consulting Agreement with JAX Capital. Pursuant to this Consulting Agreement, the Company paid JAX a payment upon signing in the amount of \$25,000, followed by a series of monthly payments of \$10,000 each. Pursuant to the terms of that Consulting Agreement, in the event the Company did not have the available resources to fully pay JAX in cash, the Company would issue a convertible promissory note to JAX for the balance of the monthly payment for which the Company did not have sufficient cash. This arrangement went on for a period of five months during which the Company issued five convertible promissory notes in the total amount of \$50,000.

On January 1, 2015, the company entered into a Security Agreement to settle various promissory notes with L Kent Harmon, Steve Durant, Robert Underwood and others which had been issued to reimburse the parties for loans that they had made to Goldfield to cover the operational costs of Goldfield and which were secured by the assets of Goldfield.

On June, 2015, the Company entered into a joint venture agreement with MEK Mining (“MEK”) to mine Gold Ore on leased acreage in Ghana. For \$150,000, the Company acquired a 50% in the joint venture which has a 20% participation interest in the production and sale of the indicated gold ore. The Company accounts for its investment in with MEK under the equity method pursuant to ASC Topic 323-30. This operation was in production during 2015 until government regulations were changed and all mining in Ghana was shut down for two years. It is planned to restart operations in 2022 when sufficient funding has been arranged.

On July 15, 2015, pursuant to the aforementioned Security Agreement dated January 1, 2015, the Company transferred its equipment manufacturing operations including related assets and liabilities to L Kent Harmon, Steve Durant, and Robert Underwood in exchange for the cancelation of the promissory notes that had been issued to the parties and the assumption of various Goldfield related liabilities. For financial statement presentation purposes, the equipment manufacturing activities for 2015, and assets and liabilities directly relating to the operation, are accounted for pursuant to ASC Topic 205-20 “Discontinued Operations”.

On February 16, 2018, the Company filed a Form 15 certification and notice of termination of registration under Section 12(g) of the Securities Exchange Act of 1934 or suspension of duty to file reports under Sections 13 and 15(d) of the Securities Exchange Act of 1934.

#### Current Activities:

Since 2021, the Company has been working on pursuing merger acquisition candidate negotiations, while at the same time, working to bring the Company current.

The Company also engaged independent professionals who rendered an opinion that the company would be best served to be domiciled in Texas in order to benefit from certain jurisdictional advantages. After engaging various professionals to effectuate this change, the Company learned that the advice on which this jurisdictional change was based may have been flawed; and as a result, the Company has considered re-establishing its corporate jurisdiction back to Nevada. The Company has since learned that re-establishing its corporate jurisdiction back in Nevada may be cost prohibitive; so, at present, the Company is carefully reconsidering all available options.

On or about April 1, 2021, the Company changed its principal address to 539 W Commerce St #1838, Dallas Texas 75208.

The Company is currently seeking funding for operations. There can be no assurance that additional financing will be available on terms favourable to the Company or at all. If adequate funds are not available or are not available on acceptable terms, the Company will not be able to fund its operations. Such inability to fund operations will have a materially adverse effect on the Company’s business, results of operations and financial conditions. The current fees of the Company are being paid by the President of the Company.

#### *Financial Statements*

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP). The accompanying financial statements have not been audited or reviewed.

In the opinion of management, the financial statements include all known adjustments (which consist primarily of normal, recurring accruals, estimates, and assumptions that impact the financial statements)

necessary to present fairly the financial position as of the balance sheet dates and the results of operations for the years then ended, and cumulative from inception.

#### *Fair Value of Financial Instruments*

SFAS No. 107, “Disclosures about Fair Value of Financial Instruments”, requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate that value. For purposes of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation. The carrying amounts of the Company’s financial instruments, including cash and cash equivalents, accounts receivable, advances to suppliers, accounts payable and accrued expenses, line of credit, notes maturity for these instruments.

#### *Cash and Cash Equivalents*

For the Statements of Cash Flows, all highly liquid investments with maturity of three months or less are considered to be cash equivalents.

#### *Property and Equipment*

Property and equipment are recorded at historical cost. Major additions and renewals are capitalized and depreciated over their estimated useful lives. The Company uses the straight-line method of depreciation. The estimated useful lives for significant property and equipment categories are as follows:

Office and computer equipment	3-7 years
Machinery and equipment	5-10 years

#### *Impairment of Long-Lived Assets*

The Company evaluates the recoverability of long-lived assets and the related estimated remaining lives at each balance sheet date. The Company records an impairment or change in useful life whenever events or changes in circumstances indicate that the carrying amount may not be recoverable or the useful life has changed. During the periods covered in the financial statement, if and when any such assets were deemed by the Company to be not recoverable, then the Company fully depreciated those assets.

#### *Loss per Common Share*

Basic net loss per share is calculated based on the weighted-average number of common shares outstanding. Diluted net loss per share is calculated using the weighted-average number of common shares outstanding plus common stock equivalents. Common stock equivalents are excluded from the calculation of diluted net loss per share when their effect is anti-dilutive.

### *Stock-Based Compensation Arrangements*

The Company accounts for stock-based compensation arrangements in accordance with guidance provided by the Financial Accounting Standards Board Accounting Standards Codification (“ASC”). This guidance addresses all forms of share-based payment awards including shares issued under employee stock purchase plans, stock options, restricted stock and stock appreciation rights, as well as share grants and other awards issued to employees and non-employees under free-standing arrangements. These awards are recorded at costs that are measured at fair value on the awards’ grant dates, based on the estimated number of awards that are expected to vest and will result in charges to operations.

From time to time, the Company’s shares of common stock have been issued as payment to employees and non-employees for services and the reduction of debt. These are non-cash transactions that require management to make judgments related to the fair value of the shares issued, which affects the amounts reported in the Company’s accompanying financial statements for certain of its assets and expenses.

### *Income Taxes*

The Company account for income taxes pursuant to ASC Topic 740, “*Income Taxes*”. Under ASC Topic 740, deferred tax assets and liabilities are determined based on temporary differences between the bases of certain assets and liabilities for income tax and financial reporting purposes. The deferred tax assets and liabilities are classified according to the financial statement classification of the assets and liabilities generating the differences.

### *Deferred Offering Costs*

The Company defers as other assets the direct incremental costs of raising capital until such time as the offering is completed. At the time of the completion of the offering, the costs are charged against the capital raised. Should the offering be terminated, deferred offering costs are charged to operations during the period in which the offering is terminated.

### *Recent Accounting Pronouncements*

The management of the Company does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on the accompanying financial statements.

### **(2) Going Concern**

Though Management of the Company believes that the Company will be successful in its capital formation and operating activities, there can be no assurance that it will be able to raise additional equity capital or be able to generate sufficient revenues to sustain its operations. The Company also intends to conduct additional capital formation activities through the issuance of its common stock to establish sufficient working capital and to expand its operations.

The accompanying financial statements have been prepared in conformity with U.S. generally accepted accounting principles (GAAP), which contemplate continuation of the Company as a going concern. The Company has incurred an operating loss since inception and the cash resources of the Company are insufficient to meet its planned business objectives. These and other factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

### ***(3) Investment in Subsidiaries***

None

### ***(4) Convertible Notes Payable***

The Company has issued convertible notes to the following lenders where the debt is convertible into common stock, at the lender's option, in the event the Company does not fully repay the lender. With the exception of one such lender, whose beneficial owner is affiliated to another lender who lent money to the Company during 2021, there have been no conversions and no requests for conversion in recent years. It is the Company's belief that all notes which have been dormant and which were issued prior to 2016, have passed the statute of limitations for collection procedures.

The table below summarizes the convertible notes that have been issued by the Company.

The Company believes that those notes marked with a number (or pound) sign, have been fully settled by the issuance of shares of common stock pursuant to the conversion privileges afforded the holder or have been cancelled pursuant to settlement agreements or by payment of other consideration.

The Company believes that those notes marked with an asterisk may be outside the statute of limitations for collection procedures and have either (i) been partially settled by the issuance of shares of common stock and may be subject to additional issuance of shares of common stock pursuant to the conversion privileges afforded the holder or (ii) remain fully unsettled obligations of the Company subject to the conversion privileges afforded the holder.

The Company believes that those notes which are not marked with either a number (or pound) sign or an asterisk, may still be within the statute of limitation for collection procedures and may be subject to issuance of shares of common stock pursuant to the conversion privileges afforded the holder.

### ***(5) Derivative Liability***

The Company evaluated the conversion feature embedded in the convertible notes to determine if such conversion feature should be bifurcated from its host instrument and accounted for as a freestanding derivative. Due to the note not meeting the definition of a conventional debt instrument because it contained a diluted issuance provision, the convertible notes were accounted for in accordance with ASC 815. According to ASC 815, the derivatives associated with the convertible notes were recognized as a discount to the debt instrument, and the discount is being amortized over the life of the note and any excess of the derivative value over the note payable value is recognized as additional expense at issuance date.

#### Egan Promissory Note April 17, 2013

On April 17, 2013, the Company issued a Convertible Promissory Note (the "Note") to Egan (the "Holder") in the original principal amount of \$100,000 bearing a 12% annual interest rate, unsecured and maturing November 13, 2014. This Note together with any unpaid accrued interest is convertible into shares of common stock of the Company at the Holder's option at a variable conversion price calculated at 80% of the market price, which means the lowest trading price during the ten trading day period ending on the latest complete trading day prior to the conversion date.
